

TRANSPORTATION WEEKLY  
UPDATE - SENATE TO VOTE ON TRANSPORTATION-HUD BILL  
TOMORROW  
WEDNESDAY, SEPTEMBER 16, 2009 - 6:10 P.M.

The U.S. Senate has reached a unanimous consent agreement to vote on final passage of the bill H.R. 3288, making annual appropriations for the Transportation Department and the Housing and Urban Development for fiscal year 2010, tomorrow morning. The next step will be for the House of Representatives to agree to a conference with the Senate and appoint conferees, which could happen as early as next week, and then to get the bill through a House-Senate conference committee and to the White House by the last week of September or the first week of October.

Under the agreement, tomorrow morning there will be roll call votes on four pending amendments and one motion to recommit the bill, followed immediately by a vote on final passage. The votes will be: Landrieu amendment #2365 relating to community development grants; Vitter amendment #2359 as modified relating to New Orleans public housing, DeMint amendment #2410 cutting off the Cambria County, PA airport from Essential Air Service subsidies; McCain amendment #2403 as modified to prevent HUD from carrying out the Brownfields Development Initiative; and Kyl motion to recommit the bill with instructions to report back forthwith with amendments rescinding all unobligated DOT and HUD stimulus money except that for highways.

The senate adopted several amendments today, none of which changed any dollar amounts in the bill. However, a few policy amendments were adopted that will cause heartburn in some corners of the House.
