

## SOUND TRANSIT'S VOTER-APPROVED SYSTEM EXPANSION MEANS:

- 116 miles of light rail, more than five times its current length
- Bus rapid transit serving north, east and south of Lake Washington
- Extended Sounder south line serving up to 40% more passengers
- Improved access to stations with new parking spaces and miles of bike and pedestrian paths
- Transit Oriented Development creating walkable neighborhoods near stations
- Greenhouse gas emission savings of 793,000 tons each year

CS14297 MARCH 2017

### SERVING MORE PEOPLE AS THE POPULATION GROWS

Sound Transit ridership topped 42 million in 2016, a 23 percent increase over the prior year. As the region's population grows and driving times increase, more people are choosing fast, frequent, reliable transit.
