

Build a Lasting Legacy

Create a living memorial to support Eno's research and professional development programs

Become Part of Eno's Visionary Society

Your planned gift can give others the opportunity to participate our renowned educational programs like the Future Leaders Development Program, provide scholarships for Eno's leadership development programs, and support research fellows to increase the transportation system's mobility, safety, and sustainability far into the future!

You can make a planned gift in a variety of ways, including a bequest in your will, a beneficiary designation, or a charitable trust. You can choose to support Eno through one of the options below or contact us to explore other options.

Consider the Following Options for Your Legacy Gift

Named Eno Future Leader Fellowship

A gift of \$75,000 will support participation for an Eno Future Leader Fellow, in Eno's esteemed Future Leadership Development Program, named after your company or organization (e.g. The Gar Fellowship). During this weeklong, intensive program, the Fellows meet with federal, state, and local officials, as well as public, private, and non-profit leaders across the industry. They get a first-hand look at how transportation policy is made, while engaging with leaders to discuss the latest developments and trends in the industry.

Named Leadership Scholarship

A gift of \$100,000 will support a direct scholarship in perpetuity for one of our leadership seminars, named after you or your organization. Eno provides a spectrum of trusted, high-quality leadership courses, featuring top transportation industry executives as guest speakers, giving the students a plethora of information to take back to their organizations. Your name/logo will be included on all scholarship materials.

Named Research Fellowship

A gift of \$150,000 will support a fellowship in perpetuity, named after you or your organization. Your name/logo will be included on all promotional materials advertising the position. An Eno Research Fellow serves an 8-week fellowship, during which they have the opportunity to become embedded in the world of national transportation policy. Eno staff guides them through development of their own research paper on a timely transportation policy issue. The Fellowship can be focused on transportation policy in general or on a specific area of research, such as aviation or innovative financing.

Support Eno's Research, Analysis, and Education Programs

A legacy gift of any amount will ensure your legacy as thought-leader in transportation by supporting Eno's research, analysis, and education programs. You will be featured as a member of Eno's Visionary Society and receive all associated benefits and honors.
