

Ergonomics

The science of refining design and products to optimize them for human use

8/5/19

Why we focus on office ergonomics

It makes good business sense

- Happier Healthier Employees
- The Majority of our employees are in the office
- Reduced Ergonomic Related Injuries (carpal tunnel, epicondylitis, sprains, strains, etc.)

What entails proper ergonomics

CartoonChurch.com

BAD POSTURE (EXAMPLES OF)

Be
Ergonomically
Correct....

Thank you
